

A helping hand when you need it.

Rely on the support, guidance and resources
of your Employee Assistance Program.

There are times in life when you might need a little help coping or figuring out what to do. Take advantage of the Employee Assistance Program¹ (EAP) which includes WorkLife Services and is available to you and your family in connection with your group insurance from Standard Insurance Company (The Standard). It's confidential — information will be released only with your permission or as required by law.

Connection to Resources, Support and Guidance

You, your dependents (including children to age 26)² and all household members can contact master's-degreed clinicians 24/7 by phone, online, live chat, email and text. There's even a mobile EAP app. Receive referrals to support groups, a network counselor, community resources or your health plan. If necessary, you'll be connected to emergency services.

Your program includes up to six face-to-face assessment and counseling sessions per issue. EAP services can help with:

Depression, grief, loss and emotional well-being

Family, marital and other relationship issues

Life improvement and goal-setting

Addictions such as alcohol and drug abuse

Stress or anxiety with work or family

Financial and legal concerns

Identity theft and fraud resolution

Online will preparation

WorkLife Services

WorkLife Services are included with the Employee Assistance Program. They can save you hours of research time by providing referrals to important needs like education, adoption, travel, daily living and care for your pet, child or elderly loved one.
